

CL-W6033

Matte Black Professional Gaffers Tape

CL-W6033 is a high quality matte black gaffers tape that has been tried and tested by professionals nationwide for years. It is used in a wide variety of applications including securing and protecting wires, cabling, power cords, etc. in all kinds of entertainment applications. It is anti-reflective because it is matte black, water resistant and can be used both inside and outdoors. It is strong and durable and conforms well to irregular surfaces and will not twist or curl.

Application

- Use to secure and protect overhead lighting and audio wires for entertainment applications including concerts, trade shows, plays and video production
- Use to tape down power cords
- Use to tape down power cords
- Use for artwork, framing, book binding and displays

Features & Benefits

- Works like duct tape but removes cleanly leaving no residue
- Easy to unwind
- Can be torn by hand
- Can be used indoor and outdoor
- Matte surface minimizes glare and light reflection
- Durable and strong
- Waterproof and water resistant
- Proven performance, used by professionals for years

Storage & Usage Conditions

Store tape in its original packaging away from direct sunlight and in a cool and dry area. For optimum performance, tape should be used within 12 months of date of shipment. Tape works best when applied to a surface that is clean, dry and free of grease, oil or other contaminants.
