

TT-63400

63 Micron (4mm) Spool Wound Tensilized Polypropylene Tear Tape

TT-634 is a 63 micron tensilized polypropylene tear tape engineered with an acrylic adhesive system. TT-634 has excellent shear resistance with good tack on a variety of corrugated and solid board surfaces. TT-634 conforms to FDA requirements for indirect food contact and is also available in a variety of lengths and widths for applications flexibility.

Application

- Tear strip for detergent and consumer cartons
- For use on padded shipping envelopes, express delivery and courier envelopes
- Used on light to medium weight corrugated cartons and boxes

Storage & Usage Conditions

Store tape in its original packaging away from direct sunlight and in a cool and dry area. For optimum performance, tape should be used within 12 months of date of shipment. Tape works best when applied to a surface that is clean, dry and free of grease, oil or other contaminants.

Sizes

4mm X 20000 yds

Technical Data

Carrier	Tensitized Polypropylene
Adhesive	Acrylic
Total Thickness	63 microns
Tensile	110 lb/in
Adhesion	23 oz/in
Elongation	35%
Color	White, Red
Storage	Store under dry conditions at 50°C to 300°C in the container supplied, ideally at 50% relative humidity. Always keep the container the correct way up, as indicated by the arrow.
Shelf Life	Stored under the recommended conditions, it is expected to have a shelf life of at least twelve months from the date of manufacture.
